

# TONY AND MARCONI

WHO SAYS HELL CAN'T BE FUN

# **TONI and MARCONI**

## **PRESENTATION**

30 min comedy for television

### **LOGLINE – It's a Hell of fun**

What was once a mortal sin, is today a daily habit. Is it the same in the afterlife?

Two priests, TONI and MARCONI die and instead of going to heaven god sends them to hell. Convinced that a mistake has been made, they bring their case forward to Lou-C-Fur who tells them that he will grant them an audience with god, if they can find one innocent soul in hell that deserves redemption.

In each episode, TONI and MARCONI must steal a soul they think is innocent from the devil that punishes it, and bring it forward to Lou so he can honour his side of the agreement.

Unfortunately, they will fail in their endeavours as every soul they bring will turn out to be in hell for good reasons, but not for the reasons Toni and Marconi believe.

Hell is also in dire financial jeopardy as Lou spent all the money in hell to buy Dan Blizzerian's soul, and he will use TONI and MARCONI to gain loans from the Purgatory Bank where the entire staff is formed of flying pigs. In order to obtain a business loan, one must first catch the flying pig he wishes to speak to, force him down on his chair, take his own seat in front of the pig, and begin proceedings. All in under 10 seconds or the pig transforms into a famous dead celebrity which will make matters worse.

The devils will have the names of daily frustrating things like TANGLED HEADPHONES, WEAK WIFI SIGNAL, ITUNES, LOOSE SHOE LACES, LOW BATTERY, BUFFER BAR, TRANSPARENT SKIP BUTTON, STUCK ZIPPER, PLEASANT ATTORNEY, COLD HAND LUKE PROCTOLOGIST NUKE, and so on.

The comedy of the show would be, Rick and Morty fights South Park over who gets to read from the bible, focusing on the fact that, you don't need someone to tell you how to treat a human being, and doing so, it actually makes it worse.

Or, Dante on acid guided by two retards in hell.

That along with humorous interpretations of the bible, including a scene where Adam's name was originally Ah! Damn! Which was what god (then a teenager) said when he accidentally brought his own turd to life. He killed the dinosaurs and dropped *AhDamn* along with Eve (initially called Ewe) on Earth, so his mom and dad won't find out.

## CHARACTERS:

**TONI** – The smart and grumpy one of the two.

Wants his place in heaven by any means necessary.

Talks like an Italian mobster (Not like the Godfather contrary to his expression. More like a Vinnie, or a Mickey, or a Paulie)

**MARCONI** – The happy go lucky fella, who is a bit slower than TONI, but kind at heart.

He doesn't really mind being in hell and treats it more like an amusement park.

He is just happy to be with TONI as he always had strong feelings for him.

**LOU-C-FUR ("C" stands for CoyCoy)** – Ambitious Taurus, founded HELL A.N.F.L.T at the beginning of time, consistently growing the value of its shares on the stock market.

The only character to be featured in all episodes of the APPRENTICE in the shape of an s.t.d.

He loves long walks on tormented souls and has a soft spot for people with innocent dreams.

Punishes dearly those who laugh at his name.

Favourite food – Human Soul Curry with pot noodles. Gluten free.

His motto: *I am everyone's inner demon.*

**APPLE** – A beautiful but deceiving she-devil with extremely bad manners. Beautiful on the outside, truck driver on the inside.

She behaves very much like Berta from Two and Half Men and is also deeply infatuated with TONI.

Maybe bring a mixture of general Patton in her as well.

### **TANGLED HEADPHONES**

The Devil assigned to punish TONI and MARCONI, and who will try to stop them from achieving their goal. He has specific orders from LOU to do so, and every time TONI and MARCONI successfully bring a soul to Lucifer, TANGLED HEADPHONES is punished by having to watch the entire series of DR. QUINN. MEDICINE WOMAN on VHS. He is quite reasonable as a character and will come out as pawn in a system. A role that does not guarantee innocence.

**Loo C Fur's Dog.** Martin Shkreli (the guy who overpriced the AIDS medicine)

He is obsessed with stuffing his head into people's rear ends.

It will be his signature move in every episode.

## **EPISODES**

### **Episode 1 – Pilot – The fall.**

TONI and MARCONI arrive in Hell and discover bureaucracy.

**Episode 2 – J Edgar Hoover** – A devil named UNWASHABLE STAIN constantly pokes Mr Hoover in the head with a red-hot binocular as he reads his mother's diary. Every time he misspells a word, he is dropped into a pool full of eyeballs and must win a game of Poker against his devil.

**Episode 3 – Rasputin** – Punished by a devil named COLD HAND LUKE PROCTOLOGIST NUKE – Rasputin is forced to do morning show aerobic exercises dressed in purple spandex in front of an audience made of eels. If the eels exercise too vigorously and become too agitated, Rasputin gets electrocuted. If he slouches and the eels slow down, they grow in size and eat him then they eliminate him and repeat the process all over. Rasputin must always find the correct balance of exercises in order to avoid torture.

Once brought in Lou's office, Rasputin will behave like a teenage groupie at a Beatles concert, screaming and throwing his clothes off to show his tramp stamp tattoo with Lou's face on it.

The backstory would be that Rasputin and Lou had a quickie back in high school and since then Rasputin was obsessed with Lou, hence why Lou sent him to Earth and did not want him back, despite the considerable efforts of Rasputin's assassins.

### **Episode 4 – Elvis Presley**

With his hips literally made of solid bricks, Elvis has to shake them for all eternity while a devil named *NOISY NEIGHBOURS* is beating him to move faster.

### **Episode 5 – Steve Jobs** - Hell runs on Windows

### **Episode 6 - Pope Clement VIII**

Punished to play cups and balls against his devil UNREACHABLE ITCH, where the balls are the Earth and the Sun. After mixing the cups together, the devil will always ask, “which one is in the middle, the sun or the earth” and Pope clement will always guess wrong, which will bring about his punishment to build a real life replica of the Stonehenge using ice blocks.

### **Episode 7 – Any Evangelist out there**

Supervised by a devil named NO SERVICE while dozens of leeches are sucking his blood. The leeches stop sucking from time to time only to shout extremely loud noises in the evangelist’s ears, after which they resume their feast.

### **Episode 8 – The God of Orange**

Trump’s ghost. The only soul to be sent to hell in advance. He looks like a walking square block as he wears every drop of fake tan he ever had at once. Every time real Trump gets a fake tan, he adds another layer on his soul.

**Episode 9 – Joseph Stalin** – Punished by a devil named BAD SEX to sing cheesy pop songs while two T-Rex dinosaurs tap on his exposed ribs with drumsticks to create the rhythm.

**Episode 10 - 2 Pac and Notorious B.I.G** - constantly shooting each other. When they eat, when they watch tv, when they sit on the toilet, they are always shooting at each other. What makes this worse is the fact that they cannot be more than ten feet apart.

Random Scene – A room where all the popes in history are cramped together dressed in their formal gowns, French kissing each other.

*Pope Clement was excommunicated from the room of popes after complaints of him not closing his eyes during kisses.*
